## LA JOCONDE - Part 1,1

The image shows a 10x10 grid of binary digits (0s and 1s). The digits are arranged in a repeating pattern of 1s and 0s. A specific subset of the grid is shaded in gray, forming a smaller 6x6 square centered in the larger 10x10 grid. The gray-shaded cells contain the following binary values:  
  
Row 1: 1111111111  
Row 2: 1111111111  
Row 3: 1111111111  
Row 4: 1111111111  
Row 5: 1111111111  
Row 6: 1111111111  
Row 7: 1111111111  
Row 8: 1111111111  
Row 9: 1111111111  
Row 10: 1111111111  
  
The gray-shaded area is bounded by the coordinates (3,3) to (8,8) in a 1-based index system, where the top-left cell is (1,1) and the bottom-right cell is (10,10).
