

A LEMON

Design size: 100 x 100 stitches

Size: 100x100

A LEMON - Part 1,1

The image shows a 10x10 grid of numbers. Each cell contains a single digit from 1 to 9. Some cells are highlighted with colors: green for values 1-3, yellow for 4-6, and brown for 7-9. The pattern of colors follows a specific rule: cells with values 1, 2, 3, 5, 6, 7, 8, and 9 are green; cells with values 4, 5, 6, 7, 8, 9, and 10 are yellow; and cells with values 7, 8, 9, and 10 are brown. This results in a checkerboard-like appearance where each row and column has a repeating sequence of colors.

A LEMON - Part 2,1

A LEMON - Part 1,2

The image shows a 10x10 grid of numbers. Each cell contains a single digit from 1 to 9. Some cells are highlighted with different colors: yellow for values 1-3, green for 4-6, and brown for 7-9. The pattern of colors follows a specific rule across the grid.

A LEMON - Part 2,2
