

A DOG

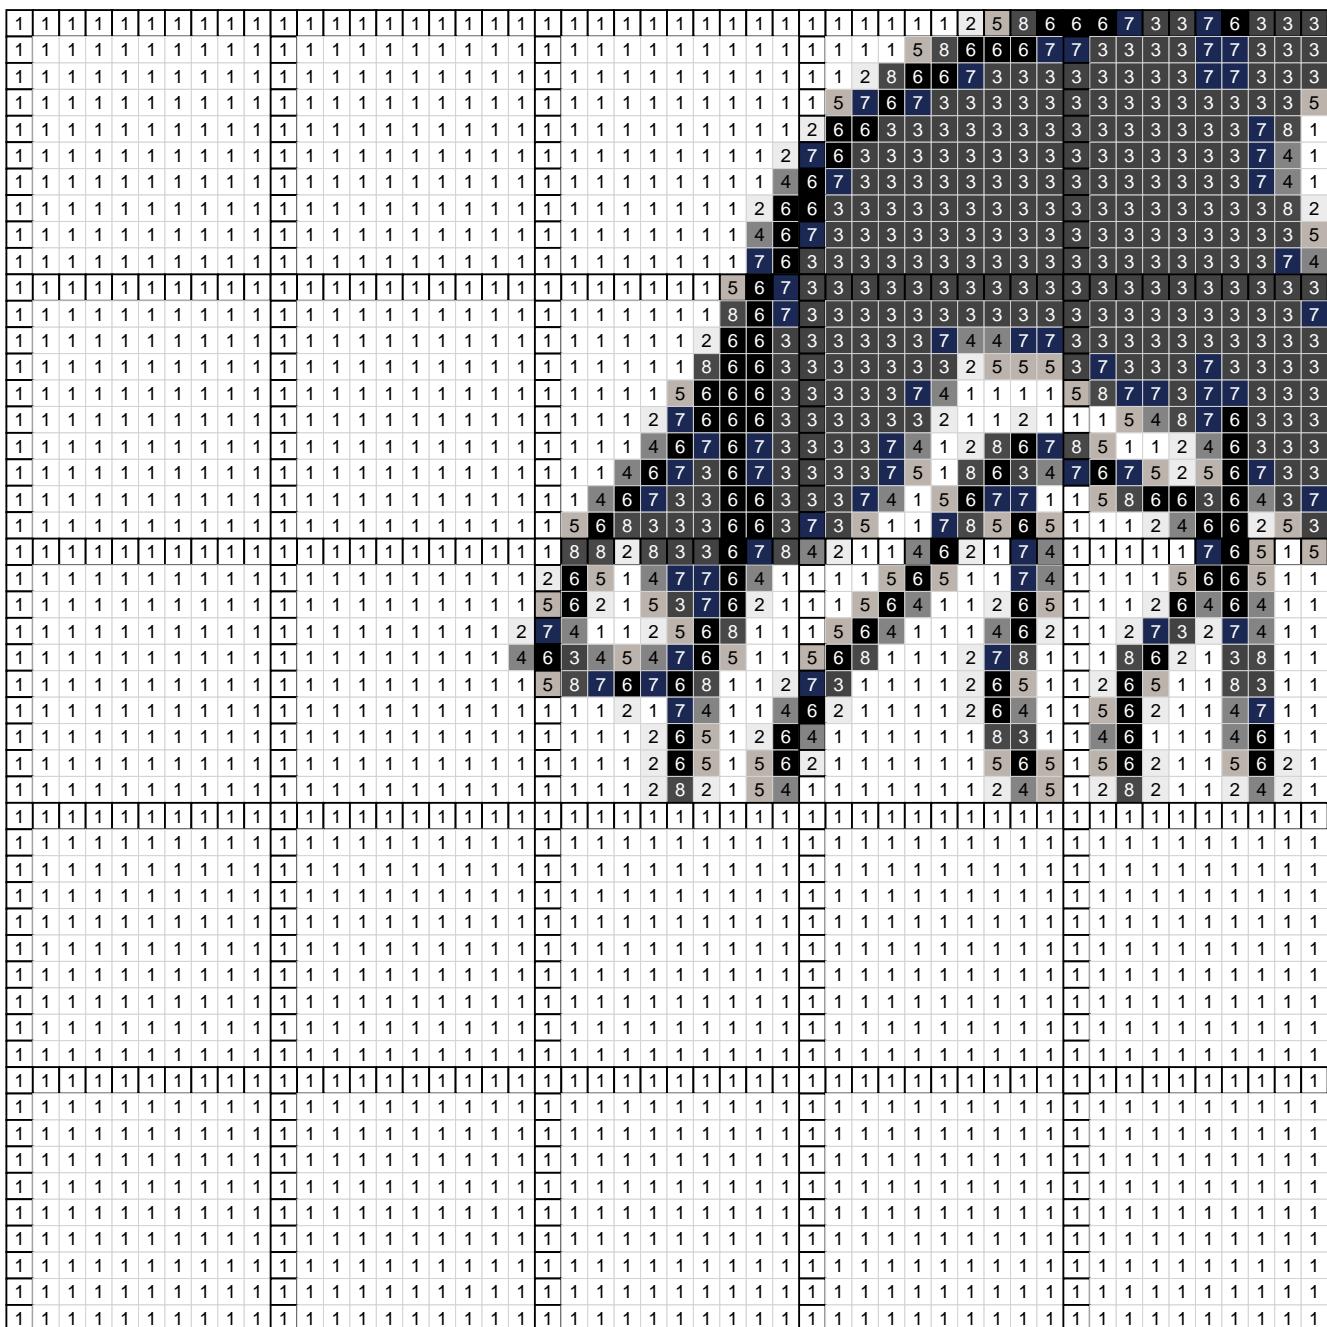

Design size: 100 x 100 stitches

A DOG - Part 1,1

The image shows a massive grid of binary digits (0s and 1s) arranged in a 100x100 pattern. Most of the grid is filled with the digit '1'. There are several distinct colored regions: a large brown rectangular area in the lower-right quadrant; a small blue cell at the bottom right; a single red cell near the bottom center; and a few isolated green cells. The grid is set against a white background with black grid lines.
